

- Enhances each student's ability to become independent and enthusiastic learners of a foreign language
- Promotes the development of reading, writing, listening and speaking as well as encouraging a broader understanding of different cultures
- Offers opportunities to travel abroad with an annual educational visit, combining an adventure holiday with an educational twist to promote greater oral fluency
- Out of college visits to local schools and institutions of Higher Education to take part in specialist Language days
- Experienced, knowledgeable, supportive staff as well as networked links with other schools
- Enables students to learn another language eg Spanish at Key Stage 4
- Regular rewards for stars of speaking, listening, reading, writing, good effort and attitude
- Prepares students for further education and employment opportunities in business, travel and tourism, finance, media, education and marketing - according to recruitment agencies, people using languages at work earn on average 8 - 20% more than their colleagues
