24 September 2009

Dear Parent

On Wednesday 30 September at 7.30 pm the college is holding its Annual General Meeting for the Parents', Teachers' and Friends' Association. We would very much like to invite new parents to join us on that night to discover how they can contribute positively to the learning opportunities we can offer to our students, as well as taking part in the organising of activities that have fun at the top of the agenda.

This enthusiastic group, consisting principally of parents of our college students, both past and present, are committed to fund raising and social events, the proceeds from which are used to deliver resources to the college which go far beyond what could normally be purchased from government funding. This very successful team is keen to encourage you to play your part, however great or small, the first step of which is to come and join us in the staff room on Wednesday. We are always delighted to hear of new activities to support our programme of events and guarantee that you will be made very welcome in this gathering of friends of the college. Such efforts do make a genuine difference in the educational experience of our children.

Yours sincerely
